

# Certified Agile Leadership Essentials & Organisations

In this highly interactive leadership-focused training, we focus on building the skills and competencies you need to become a more effective leader in an agile context, and to coach and lead your organisation to perform more effectively in this fast-paced, complex and uncertain environment.

Based around the trainers up-coming book, *The 6 Enablers of Business Agility*, the course topics will include an introduction to enabling leadership styles, organisational cultures, structures, and policies which give organisations the adaptiveness to survive and thrive, in an increasingly complex and volatile landscape.

Our [Certified Agile Leadership training](#) course provides practical guidance in all of these areas for continuously improving your organisation.

## What participants will learn

- How the changing business climate has led to the need for greater agility
- How to lead in a climate of high complexity and rapid change
- An overview of the Six Enablers of Business Agility
- Two frameworks for becoming a more effective leader
- Neuroscience for leaders
- How to diagnose and shift organisational culture
- How to design an organisation for responsiveness, customer-centricity and fast feedback
- How to create high-engagement, motivation and learning through 21st century HR policies
- How effective governance policies can enhance agility through experimentation and guardrails
- How to lead the change

## What participants will get

- A two-day immersive learning experience facilitated by a highly respected, globally renowned [Certified Agile Leadership® \(CAL\) educator](#)
